(1866-1872) KU-KLUX KLAN

A secret political organization in the southern United States, from 1866-1872. It became a band for whipping, torturing, and murdering negroes and "Northern men". In Pres Grant's message of March 23, 1871 he called attention to the lawlessness, and Congress passed the Enforcement Act or Ku-Klux Act or Force Bill Apr. 20, 1871. This gave

great power to the authorities to prosecute
such cases and the organization died
out.
